THIS IS UNEVALUATED INFORMATION. SOURCE GRADINGS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE.

1. An unidentified Albanian military unit is located on the new road from the port of Tirana to Durazzo, about 2.5 kilometers from the edge of the city on the right side of the road (41° 20' 30" N, 19° 46' 30" E) in a large area enclosed partly by a brick wall and partly by a wire fence. From the activity in the area, the installation appears to have warehouses in the section near the city and a large parking area in the northwest section.
2. The unit and the materials which it handles are not known, but the following items were noted in the parking area:
  - a. About 40 or 50 heavy motor vehicles, most of which were three or four-ton trucks, run by gas, 4 x 2 (sic), with double rear wheels, closed cabins and carrying on the motor a sign "3MC" or something similar. The trucks were generally in mediocre condition, not so much because of poor maintenance as because of their age. They were a dark gray-green
  - b. There were a few light motor vehicles, but the exact number is unknown.
